

PHOTOGRAPHY & VIDEO PERMISSION

The Mechanicsburg Learning Center regularly takes photographs and videos of children enrolled for its business purposes. MLC retains all rights, title, and interest in these materials and may use and disseminate them in a variety of ways, in its sole judgement. They may be shared with our and other families on MLC's website, by email, by posting in the center, or in the agency newsletter. They may be used to better communicate with families, to illustrate the daily curriculum, to chronicle a child's development, or to document center activities. They may be used for other centers, general business, and marketing purposes, including online. MLC takes care that any use, display, or dissemination of photographs or videos of children is accomplished in a thoughtful and safe manner.

- I give permission for the Mechanicsburg Learning Center to take photographs and videos of my child and use these materials for its business purposes.

- I give permission for Mechanicsburg Learning Center to use photographs on the MLC Facebook and Instagram page.
